**Signature: \_\_\_\_\_  
Of Parent or Guardian**

**All fees are due and payable prior to the beginning of a students' project. Payment must be received before a student can begin work. If a student cannot afford the project costs, they need to bring a letter from home stating so. No student will be kept from building their project because of lack of funds.**

**Projects are not stored for students. Anything not paid for and picked up by the last day of the semester will be disposed of. This does not relieve the student of their obligation to pay for the materials used.**
